Education after High School: University of Iowa B.A.
1974

Occupation: homemaker

Spouse's Occupation: physician

Names and ages of Children: Amanda, 19; Alexis, 16; Adriana, 13

I taught 3rd grade in Iowa City from the fall of 1975 to the spring of 1978. I was a substitute teacher in Lincoln, NE for the next year and then tutored math for a year. In the summer of 1980 our first child was born. I haven't had a "regular" job since. I loved the classes which encouraged thinking and discussing. I loved doing things with friends – especially my "friend", Alan. I now have teenagers who go to ALHS. The perspective is quite different.

Education after High School: 1 1/2 years Minnesota Bible College

Occupation: Work for small insurance company in Commercial Department

Spouse's Occupation: Teacher and Coach

Names and ages of Children: Andy, 24; Sarah, 21

The last 30 years have gone by fast for me. When I look back, I can't believe what has happened to me during that time. After graduation, I attended Minnesota Bible College in Minneapolis, Minnesota for 1 year. The campus moved to Rochester, Minnesota where I returned the following year. I ended up not liking it and wanting to buy a 72 Ford Pinto so I moved back to Council Bluffs. I worked for Central States Insurance Co. That January, 1972 a guy called Dan Merriam called me probably 4 times. He kept telling his friends he knew some chick in Council Bluffs, Iowa. He was from Scranton, Ia and also had attend Minnesota Bible College. He ended up going on to Fort Dodge Junior College and then graduating in education from Iowa State University, Ames, IA. We dated for 1 1/2 years and got married, August 11, 1973. So yes, we have been married 26 years. He is a wonderful teacher and coach. Our children, Andy is 24 years old and Sarah is 21 years old. We have lived in Shelby for the past 24 years. While the children were young I stayed home and was mom. Then as they grew to be in Junior High I started working as a Special Education Aide at the Shelby School. Loved it but didn't get paid enough. Also, during that time, I had a balloon business, delivering balloon bouquets and decorating for weddings. That was really fun. Four years ago, I made a job change. I work for a small insurance company in the Commercial Dept. The pay is a lot better along with the great benefits. My hobbies include collecting antiques, walking for exercise, and of course, traveling.

I have been married for 27 years. I love music and needlepoint and am addicted to buying more books when I haven't read all the ones I have now! I am very involved in church activities and have finally returned to college – just trying to keep up with my kids! My favorite memory is the wide variety of friendships that were built and the fun we all had together. What has changed the most? I have a much stronger sense of who I am in the Lord. I want to continue to learn and grow, but I am happy with the life and the blessings I have been given.

Education after High School: Wayne State - 2 years

Spouse's Occupation: Free-lance writer

Names and ages of Children: Daniel, 21; Timothy, 19

I've been in Council Bluffs since graduation except for the 2 years I went to Wayne State right after high school. I moved back to Council Bluffs in 1972 and have been here since. I married at age 25 and I have 2 sons, Daniel age 21 and Timothy age 19. I divorced after 20 years of marriage and am now re-married to Kevin Rutland who is from England. He is 48 and was a teacher over there for 25 years. He left his job in 1998 and moved over here - we married July 1, 1998. He is now a freelance writer and has a book out in England entitled "Flying with Angels". He has been involved flying Microlights for the past 10 years which is what the book is about - his flying experiences over that period of time. Since moving over here, we both are involved with Ultralight planes and we're building one in our garage right now. It's a wooden ultralight called the Avenger. It hopefully will be finished by this Fall or Winter. I plan on learning to fly sometime this year, but for right now enjoy being a passenger while Kevin flies. We belong to several flying clubs. I've worked for a clinic here in town for the past 20 years and will probably be there for at least another 5 until my boss retires. After that, Kevin and I plan on being in a business of our own - probably involving flight instruction. Our dream, like many others, is to find a few acres outside of Council Bluffs and to restore an old house. Last July we bought an old house here and we are in the process of restoring it. I'm looking forward to seeing everyone in July and I'm just at a loss to think of one memory from high school, as there were so many wonderful times. I don't think we appreciate high school fully until we're out and have lived in the real world for a few years.

Education after High School: BS - US Military Academy, West Point, NY; MS - Georgia Institute of Technology, Atlanta, GA

Occupation: US Army Colonel, US Army Corp of Engineers

Spouse's Occupation: Teacher

Names and ages of Children: Melanie, 20 (US Military Academy Class of 2002)

Left ALHS and went to the US Military Academy at West Point. Graduated with a BS in Engineering and commissioned as a Second Lieutenant in the Corps of Engineers in June 1974. Went to Airborne (jumped out of perfectly good airplanes) and Ranger Schools enroute to Germany and my initial assignments in the Army. Served as a Platoon Leader and Company Commander. Returned to the United States in August 1979, received my Masters Degree, got married (to Sally) and was blessed with our daughter, Melanie. Following Grad School, was assigned to the Detroit District, Corps of Engineers where I had my "15 minutes of fame" appearing on Ted Koppel's "Night Line" during the Fort Wayne, IN floods of 1982. Returned to Germany in 1982, served on the US Army Europe Staff in Heidelberg. Assigned to Fort Ord, CA in 1985, Assigned to US Central Command in 1989, deployed to Saudi Arabia as part of General Schwarzkopfs staff for both Operations Desert Storm/Desert Shield.

Assigned to Hawaii as a Battalion Commander with the 25th Infantry Division, 1991-1993. Attended the US Army War College, 1994-1995 and then assigned as the Commander and District Engineer, Memphis from 1995-1998. Currently assigned to Fort Leonard Wood, MO and will move to New York City (Fort Hamilton) in June 2000. Enjoy travelling, all sports (participatory and spectator) running (5K and 10K races), SCUBA, Sky-Diving and surfing the internet.

Education after High School:

Occupation: self employed (car wash owner)

Spouse's Occupation: Conductor UPRR

Names and ages of Children: Michelle, 31; Nicole, 21

My hobbies and activities include bike riding, tennis, walking, Mother's Against Gun Violence, and animal rights. My favorite memory is finally being able to get my locker open! Also, meeting my husband and riding around in his '65 Mustang, hanging out with my friend Linda. What has changed the most? The fact that when I went to high school I never worried about being hurt or killed. Something today's students think about all the time.

Education after High School: BS Iowa State 1974; Master of Library and Information Management (MLS) Emporia State KS 1994

Occupation: Librarian

Spouse's Occupation: Safety Engineer

Names and ages of Children: Jennifer, 22; Lori, 20; Kristen, 18

After College graduation I worked as a recreation therapist at Richard Young hospital in Omaha. For vacations I went skiing, one year going to Aspen where I met my husband, Wayne. He promptly took me down slopes I should not have gone on, but I followed him anywhere. We have been married 23 years and have three daughters who now also ski or preferably snowboard. I stayed home to raise the girls, but got tired of that and went back to work when Kristen was about 8. I went back to work at a hospital and hated it so quit. I then applied at our public library and began in 1990. Then Emporia State brought a weekend intensive Masters of Library and Information Science program to Lincoln and I signed on. I now supervise three of the six branches of the Lincoln City Libraries: www.lcl.lib.ne.us. Teaching Internet classes to the public is one of my favorite parts. IF I could only get my pictures to come through on our personal home page. Two of our girls are at UNL, it is tough raising Cornhuskers. Lori is studying architecture and Kristen psychology. Jennifer just likes to party. Our greatest challenge happened in August of 1998 when Kristen was almost killed in a car wreck. She was in a coma for one week, hospitals for 42 days. She smashed a lot of the bones in her body, but the traumatic brain injury was the toughest part to recover from. She had no short term memory for almost three months. (Now what

did you say your name was? She did remember mine and Waynes's, but not all of her friends.) She has almost fully recovered, she is our miracle kid. She remembers no math or French. Who needs math? UNL thinks she does. Her goal is to be psychiatrist, so I think she will need to work on math.

Our life is great, I get to see Karen and Salli every once in a while.

Education after High School: B.S. General Science,
Physics major

Occupation: Quality Assurance Manager

After graduating from the University of Iowa, I moved to Dallas, Texas and worked with optical devices for the military. I have been on the Advisory Board for Texas State Technical Institute for the Optics and Laser Department. Hobbies are aviation, tennis and water sports. I remember dozing off in Mr. Lara's Spanish class and falling backwards out of my chair. I clearly remember the word I screamed when I hit the floor. What has changed the most is what fun is! The definition of fun has not changed with time, only what I consider as fun.

We have come full circle now. We left CB in 1977 and headed south to St. Louis. After a few years there we headed north to Wisconsin then back to Iowa after 8 years up there. We moved back to Council Bluffs in July, 1999. All transfers were job related. In many ways it's like we've never lived here before. There have been so many changes here through the years. We've been married nearly 29 years. We love to travel and downhill ski. I also hunt and fish and have become computer literate somewhat. None of our children are married and we don't have any grandchildren either.

Education after High School: Iowa Western

Occupation: Office Manager - Red Wheel Fundraising

Spouse's Occupation: City of Omaha

Names and ages of Children: Michaela, 19 - Freshman at North West Missouri State, majoring in Journalism

After graduation I attended Iowa Western and was in the first class that went to the "new" campus in 1970, which consisted of one building back then. Look at how it has grown since then. Anyway, after IWCC I went to work for Woodmen of the World Insurance for a few years, then worked at Creighton University for over 5 years. Left there to stay home with my daughter for a few years and went back to Creighton for another 5 years. I left there when a psychiatric patient threatened to kill me (not my idea of a good day at work). I then worked for ConAgra for 11 years and left there to become the Office Manager for Red Wheel Fundraising. (Some of you have probably bought some of our products from school kids. We make our own cookie dough, pizza, burritos, cinnamon rolls, etc). We have franchise owners through out the midwest and we are located right here in CB.

I left Council Bluffs for a while but did not wander too far. I lived in Oakland, Iowa for a few years and then in Lincoln, NE for a short time, before returning to Council Bluffs 18 years ago.

I was married for 9 years, then divorced. Remarried nearly 16 years ago. My daughter is my "miracle" baby. That's another long story. Michaela graduated from TJ in 1999 and is a freshman at NW Missouri State, majoring in Journalism. She would like to be a Photo Journalist for the AP some day. She is the Photography Editor for the Missourian, the college newspaper. Their paper is one of the top 8 college papers in the country too. We are very proud of her and her accomplishments. She's the only freshman editor on staff. Most of the others are Juniors and Seniors.

Ray and I have been involved with Lutheran Lakeside Camp in Okoboji and I served on the Board of Directors for two years. We enjoy camping and traveling. I also like to sew and do some quilting. My biggest project was

making a quilt out of some quilt rings that my great grandmother had started 100 years ago. They were all hand stitched together and have quite a history. I have the quilt on display in our home.

Looking forward to the reunion in July.

Occupation: Therapeutic Recreation Director

Names and ages of Children: Mary, 23; Martin, 22; Andrew, 21

After graduation from ALHS I completed a commercial art Program in Omaha, Ne. In December of 1974 I married, moved to Mankato, Mn and began a family and worked in the graphic arts field. In 1989 I became a single parent raising three wonderful children who are now grown. Marty is a machinist, lives in Blaine, Mn and has a love for motorcycles. Andy is in Omaha and works for a trucking company (Werners) and Mary is in her third year of medical school at Creighton in Omaha. In the same year that I became a single parent, I enrolled in MSUM and graduated in the summer of 1994. Today I am a certified Therapeutic Recreation Specialist working as a TR Director at a health care facility. I am also the Sunday School coordinator at SS Peter & Pauls Catholic Church, a patient sitter at ISJ Hospital and a freelance graphic artist with a local business developing their weekly ads. I am a member of the Mankato Lutheran Home Auxiliary, treasurer of the Regional Activities Professionals and a member of the National Council for Therapeutic Recreation. I enjoy walking, biking, music, drawing, having quiet times and being with my children and family.

Favorite Memory / The friends made during my years at ALHS in band and Mrs. Ross art class.

Most Changed / My hair (it's a little white, but I survived three children going through the teen years at the same time) Also a change is how I start each day. In the past 30 years I have learned to make each moment count, for once a moment comes and goes, you'll never recapture it in the same way.

email: dclouse@hitter.net

Education after High School: IWCC – numerous Tech/Programming schools

Occupation: Director, Information Systems

Names and ages of Children: Lindsey, 17

Stayed in CB until early 80's - got married - moved to Ocala Florida in 1982, got into the computer business shortly thereafter, eventually opened up a consulting company - sold it after 8 years and moved to Hernando, Florida. Worked as Director of Informations Systems for a large development and construction company for 8 years, then moved on to become the Director of Information Systems for a County Government.

Will probably stay here until my daughter graduates next year, and then most likely will move on, maybe back to the Omaha area, but only as a snowbird. Will likely do Internet and ORACLE consulting up there for 7-8 months, and will flee back to Florida when the tundra starts freezing. My career has been fine but relocating meant losing the sense of belonging and the roots I had in Iowa, and that means a lot. I miss the quality of the people in that area.

Main hobbies include eating Little Debbie Snack-cakes, playing golf poorly, buying stocks high and selling them low, and doing a wonderful impression of an overweight, middle-aged man caught in the throes of Male Pattern Baldness.

Education after High School: IWCC 70/GWU 74/METRO
1995 Advance Engineering

Occupation: Campus Director - Director of Engineering & Construction

During the past 30 years I have been very fortunate to travel to 49 states (Alaska is next!). Visited Canada several times and toured Central America. I have worked as the Campus Director for the Jewish Community Center of Omaha for the past 14 years. Prior to that I worked for Midwest energy for about 10 years as a construction supervisor. I finally finished my Advanced Engineering Degree in 1995. I have been active at the local chapter of NAPE and received their Leadership in Education Award in 1993 and 1994. I also taught adult education classes in HVAC at IWCC for 2 years. From 1992 to 98 I was elected as a Trustee to the Lewis & Clark Reservoir Board of Directors in Yankton SD. and helped create the scenic byway route to the Niobrara bridge, in conjunction with the Army Corp of Engineers and the State of Nebraska. I have been married for 10 years to Carol and we have one grandchild born in 1999, his name is Joey. We enjoy all outdoor type activities especially boating and this year plan on spending the summer learning to rig and sail a 32' sailboat. I have achieved several personal goals one of which was building a new addition to our farmhouse in 1998-99 by myself (well almost). Hobbies: boating, golf, gardening, (did you notice no carpentry) and flying solo (if Craig Spetman has the nerve), surfing the web and traveling. We take an annual trip to St. Petersburg, FL. each winter to visit Scott Yokom and relax. We bought the family farm in 1988 just north of Council Bluffs that has been in our family since 1947. Over the years many classmates have great memories of our high school days here at the farm, (remember the 20th reunion), enough said! I plan on semi-retiring in 2002 and will work as an Engineering consultant in the metro area on a part-time basis. In closing, I wanted to share my thoughts about AL & CB. We mostly only have one point of reference, as far as growing up goes, attending school and making friends. AL was great; I made many lifelong friends and have plenty of great memories. Staying in the Midwest was a good decision for me. I wouldn't change a thing. See you at the 35th or 40th.

Names and ages of Children: David, 17; Jonathan, 13; Heather Marie, 8

I was married for 15 years – my ex-husband, Dave, and I owned a solar screen company in Las Vegas for 8 years. After high school I moved to California, Denver, and Las Vegas. I moved to Omaha, met my ex-husband and moved back to Las Vegas. I have been in Iowa the last two years.

My favorite memory would have to be getting high in the vans of friends in the parking lot of ALHS. It was a time of people just wanting to be happy – no gangs, no violence – just a fun time and not hurting anyone. I'm more responsible and I am really enjoying my life – and my children – of course it was nice to be care free and debt free! But all in all I like my life. And I'm not afraid.

Occupation: NY State Dairy products inspector

Spouse's Occupation: Restaurant owner

Names and ages of Children: John J., 28; Marc P., 25; Jared T., 23

Grandchildren & ages: Joshua J., 2; Ceeaira Lee, 8 mo.

Worked 26-years for New York State, making sure your ice cream is safe (for my "yuppie" friends, I also check on your yogurt!). Nancy bought her restaurant 4-years ago, and the last week she finally got her first paycheck (ain't small business great). We are sort of starting over again and raising our grandson Joshua. He is the light in our lives, and is doing his best to make us young again. I still love to party (can't hardly do it), and golf (still lousy at it), and all the outside things a farm kid likes to do (but don't have the time)... in case it's not obvious, life is great!!! I built my log home near the family farm in 1984; volunteer: wrestling coach, Western New York Dairy Festival, State employee training committee, State University industry-education (food science) representative. I will never forget the close friendships of the great people I grew up with – no one laughs and loves better than my Iowa friends. I am only getting physically older – in my mind we are all still "kids"!

Although I'm not a graduate, I have every intention of "crashing" the party to see the best people I ever knew

Education after High School: B.S. Northwest Missouri State University; M.A. University of Northern Iowa

Occupation: Art Teacher – Abraham Lincoln High, Council Bluffs

Spouse's Occupation: self employed

I have been married 25 years and an art teacher in the CB schools for 25 years – Longfellow, Pusey, Glendale, Washington, Kim and the last 6 years at A.L. I was chosen Teacher of the Year at A.L. in 1998, Teacher of the Year for CB schools in 1999, and finalist for State of Iowa Teacher of the Year 2000. I am a former member of the CB Artists Club, Toastmasters. Hobbies are travel, biking, socializing, and artwork. I remember most the people I grew up with and the fun times we had outside of school; since I actually spent part of high school at Lewis Central. I lost both my parents in the 80's so I've learned to roll with life's punches and appreciate its' lighter side. Meeting Johnny Depp this past year was quite amusing.

Education after High School: 2 ½ years College at
UNO – Electrical Engineering Major

Occupation: Regional Manager, Computer
Management Consultants

Spouse's Occupation: Business Writer

Names and ages of Children: Justin Cory, 25

I have lived in Omaha, NE, Sioux City, IA, Tampa, FL and Jacksonville, FL since leaving AL. I have also travelled throughout Europe and North Africa in conjunction with my employment.

I worked as an engineer for electric power companies throughout the 70's moving into software development during this period. I joined a software consulting firm in 1980 and have been working in that industry since. I am currently employed by Computer Management Consultants, a privately held company owned by 5 partners, of which I am one. We now have offices in Tampa, FL (headquarters), Jacksonville, FL, Orlando, FL, Charlotte, NC, Dallas, TX, Chicago, IL and Buffalo, NY and employ approximately 250 people.

My hobby is music and I have been active in several '60's bands over the last decade. Most of these groups focused on Beatle music, and I play bass, using a Hofner 1965 Beatle Bass and Vox Super Beatle amplifier for live performances. In addition, I maintain a small analog /digital multi-track recording studio in my home (soon to be internationally famous - Loretto Road Studios!). Completed projects include mastering CD's for two previous bands and a big band CD recorded entirely with MIDI/digital technology. Current projects include mastering CD's for two former bands, several dozen Edison Phonograph cylinders from the early 1900's and wire recordings of my grandparents.

Education after High School: Attended University of Iowa (Journalism and Radio-TV), graduated from University of Missouri-Kansas City (BA, Radio-TV-Film and Business)

Occupation: Writing, marketing

After graduating A.L., I lived in Iowa City, IA, Kansas City, MO, Iowa City again, Jefferson City, MO, Dubuque, IA, and finally came back "home" (sort of) to Omaha. My career until 1986 involved every imaginable position at a number of radio stations and cable television companies. Starting in 1986, I turned towards public relations and marketing. In 1997 I came very close to acquiring my own radio station (a life-long goal) but unfortunately it didn't happen. I like to travel and recently went overseas for the first time by flying to Australia! Domestically, Chicago and Seattle are among my favorite destinations. My current interests revolve around writing, computers, and the Internet. I've become re-acquainted with a number of old friends through e-mail. Memories: Seth Hills, The Echoes, Concert Choir and Swing Choir. Sure wish I had a computer "back then" because carbon copy erasing and, later, "White Out" are bad memories.

Education after High School: Bachelor of Fine Arts in painting and drawing,
University of Iowa 1974

Occupation: Artist

Spouse's Occupation: Production Manager, local cable T.V.

Names and ages of Children: Emily, 20; Claire, 14; stepchildren: Christina, 20, Anderson, 17

Although I didn't graduate from A.L. (we moved to New Jersey senior year) I always thought of it as my alma mater. After college, I returned to New Jersey for a couple years, where I worked at a small newspaper as a paste-up artist. I moved back to Iowa City in 1976 to work as an illustrator for Westinghouse Learning Corporation. Over the years, I've also worked as a freelance illustrator; I've drawn house portraits on commission; I've done decorative painting in homes and businesses; I've worked as a map-maker for the Iowa Geological Survey; and I'm presently employed as a graphics technician/map-maker for the City of Iowa City. I paint in acrylics on paper and exhibit my paintings in local galleries. The Iowa City Public Library owns a couple of my paintings, which patrons can check out on their library cards. I also have five paintings displayed in the permanent collection at University Hospitals.

My first marriage of 17 years produced two wonderful daughters. Emily is a junior at Macalester College in St. Paul, and she's about to spend four months in Senegal studying art and anthropology. Claire will be a freshman in high school, and she's looking forward to running cross-country and singing and acting in school productions. My new blended family includes Bob, who I met at kindergarten round-up fifteen years ago but didn't ask to go salsa dancing with me until a year and a half ago; and his two children: Christina is a junior at the University of Chicago, and Anderson will be a junior in high school. We're all living together for the summer (three cars, four kids, no pets) which is both a joy and a challenge! We're a pretty happy bunch!

I married my HS sweetheart in 1971. I have been working as an RN since graduation from IWCC. I am an accute dialysis coordinator and do dialysis for patients in hospitals who are too ill to go to a regular outpatient dialysis center. My passion is downhill skiing, though I'm not great at it. We moved to a new home this summer and I have started getting into gardening and landscaping. We have moved many times during our marriage (and as Joe says survived). But actually, everywhere we've moved we have met wonderful people and made great friends. We've been on a couple of cruises with several family members and have been able to visit other countries this way.

Omaha, NE 68105

phone: 402-342-6934

Education after High School: No formal schooling unless you count "school of hard knocks!" (the most difficult)

Occupation: Clerk

Besides working most of the time, I've played softball, shot pool on several championship teams, rode amateur and pro rodeo and most recently became a Civil War fanatic – studying and traveling to battlefields all over the country. My favorite memory? Because of a prom date cancellation, I went to the prom with my "68 ALHS" brother Lonny and had a great time. From there, Lisa Miller and I stayed out all night getting into all kinds of mischief. (My brother Lonny passed away suddenly in 1995 and Lisa Miller not too long after that.) What has changed the most? The importance of so many things that were always there but taken for granted when I was younger.

Spouse's Occupation: Facilities Technician

Names and ages of Children: Jennica, 26; Terri, 23; Jamie, 16; stepson Peter, 26; stepdaughter Laura, 23

Grandchildren & ages: Denver, 3!!!

Golly where have the years gone! They have flown by but they have been full of excitement, happiness, sorrow and growth. We moved five years ago to Fremont so that was quite a change. We really do like the small town environment and are still close to the kids. The year 2000 has been a very busy one for us as my middle daughter, Jennica is getting married in September. The wedding bells are chiming. To begin our year with luckily not a real BANG, Jamie turned 16 and is now cruising Fremont. Denver is a joy and naturally has Grandma and Grandpa wrapped around his little finger. I enjoy playing on a tennis league. Jim and I also enjoy golfing. Am looking forward to seeing all of my old (oops) I mean young classmates at our upcoming reunion.

Names and ages of Children: Sarah, 9

After my B.A. I flew off for Australia for 2 years then traveled through Asia for 6 months. I went on to teach in Kodiak, Alaska for the next ten years. I married Brad in 1986 and moved to Oregon in 1988. We have lived in Astoria 12 years. Brad and I have a 9 year old Sarah who attends the same school I teach in. I teach a 4-5 blend. Brad has a small animal practice. We both love our careers and are way too busy as a result! We live on a 4 acre farm which is home to sheep, a pony, 3 dogs, 1 maniac cat, 8 fish and 2 aquatic frogs. Of course many others wander in and out but we claim only the above. Personally I have always continued professional development in my field to the max. I also love to garden and I crank out Oregon raspberry syrup by the gallons annually...only for fun. I'm active in P.E.O. and a psychodrama group. All 3 of us love to travel and Brad and I scuba so we go where it is warm. I remember any excuse to get out of class...spraying acid in chemistry, Spanish with a Cuban crisis, golf tournaments with Jane, working in the library with Monica Moe and so on... What has changed the most? My freedom to choose my happiness and destiny

Education after High School: Iowa Western Community College, 1970-1972. Graduated with degree Associate in Applied Science (Electronics Technology, Communications)

Occupation: Video Engineer, Broadcast Television

1984 - Present

I live in Alexandria & work in DC. I've been at my present job with GlobeCast (a unit of France Telecom) since 1986. We provide services for networks, governments and large stations. The government services are usually for visits by Heads of State.

From the Great Wall to the Great White Way, GlobeCast provides seamless service for major broadcast and business television, radio and cable networks via our Skylink (r) services, bringing news, entertainment and sporting events to hundreds of millions of viewers. Long a major player in global communications, France Telecom today adds GlobeCast to its world-class voice, data, wireless, cable and online capabilities.

C-SPAN, Fox News, ESPN, NBC, ABC, CBS & CNN are some of our customers. We provide video transmission services worldwide, mostly by use of satellites. We provided all services for the World Cup football championships in 1998.

1972 - 1984 U.S. Navy (highlights)

Sonar Technician, USS John Marshall (SSBN 611) 1973-1977 with homeports in Connecticut, California and Hawaii. Sonar Supervisor, USS Flying Fish (SSN 673) 1978-1979 homeport Norfolk, Virginia. Sonar Instructor, Fleet ASW Training Center, Norfolk, 1980-1983. Chief Sonar Technician, USS Jacksonville (SSN 699), 1983-1984 homeport Norfolk, Virginia.

1984 - 1997 U.S. Naval Reserve (highlights)

Support for submarine support ships USS L.Y. Spear, USS Simon Lake and tour as Senior Enlisted Advisor (Command Chief) for reserve component of the US Navy's Military Sealift Command, Washington Navy Yard, Washington, DC. In 1997 retired as Chief Sonar Technician.

1978 - Present

Navy Christian Link-Up Charitable Trust "Linking Navy, Marine & Coast Guard Christians" Trustee, staff volunteer, corresponding Secretary & former Treasurer.

Church leader with Pohick Bay Church. Pohick Bay Church is inter-denominational. They are affiliated with the Full Gospel Fellowship of Churches and Ministers International of Dallas, Texas.

Hobbies - Reading, computers, collecting books and quotes.

"Politicians are the same all over. They promise to build bridges even when there are no rivers."

--- Nikita Khrushchev

After a year at Iowa State, enlisted in the Navy. Stationed in San Francisco, Idaho, Chicago, and South Carolina.

Re-entered ISU in 1976, graduated in 1980, BS Engineering. Worked in Des Moines area until 1984, then moved to St. Louis area, Festus to be exact. Yes there is a Festus, MO. Moved back to Iowa in 1988.

Hobbies? If you have kids, you know what the hobbies are, especially if they are in sports, band, dance or chorus. All of ours have been or are in at least two. Soccer has become my hobby. Have ref certification for high school soccer and going after my grade 7 FIFA certification. The physical performance test could be a real challenge. Have put on a few pounds, weight 210. Also coach the kids. We won silver at Winter Iowa Games in Indoor soccer. Being "encouraged" to get my high school coach certificate. Some parents think I would be a good girls coach should the school board approve a girls team for 2001. PS GO CYCLONES!!!!

Grandchildren & ages: Jalen Mase, 3

I enjoy working around the house/gardening/craft fairs. After 3 years of “coaxing” from my husband (an avid bike rider) I purchased a bike to ride on Wabash. I have logged in 700 miles the first year! We also purchased a tandem. My husband rides on RAGBRAI but I refuse to! I always enjoyed the basketball games/plays/talent shows, etc. And “Class Clowns” (there was always ONE in every class!) – made learning fun! What has changed the most? Hard to answer! Believe I am a lot more understanding of people, considerate and more patient – traits that you acquire over the years. I realize the importance of education and try to instill that in my kids – that you should never “stop learning”. I never realized while in school how hard you would have to work in life!

Salli Ann LOOFT Harmon

831 Timbercrest Dr.
Council Bluffs, IA 51503

Spouse's Name: Jim

phone: 712-322-4390

email: salharmon@aol.com

Education after High School: B.S. (Iowa State); M.A. (University of Northern Iowa)

Occupation: Teacher

Spouse's Occupation: Consultant

Names and ages of Children: Luke, 24

After working for Juvenile Court for 16 years, Jim took a position with Clarinda Academy. He was promoted to vice president of marketing for the company; I taught at the middle school. After 5 years in Clarinda, we decided that our jobs were too stressful so we resigned and moved back to good old C.B. (in 1998) and found jobs. Luke graduated from Iowa State, got married, then left for the Peace Corps (Solomon Islands.) We are anxiously

awaiting their arrival (the weekend of our class reunion!) We love to travel and keep busy with church, family, and job-related activities. Jim also gets his weekly (at least) golf game in and our year old Golden Retriever makes sure I get daily walks. My favorite memory is Mr. Klopfer crawling under desks to retrieve a super ball that someone had thrown.

Education after High School: Navy electronics training,
FAA equipment training, some college

Occupation: Electronics Technician (Instructor) Federal Aviation Administration Academy,
Oklahoma City, OK

Spouse's Occupation: Housewife

Names and ages of Children: James, 21

I joined the Navy a few months after graduation to see the world but little did I know it would be from a submarine! I was an Electronics Tech on the nuclear fast attack submarine USS Snook (SSN592) and worked on the radar and ESM (Electronic Counter Measures) equipment. After six years in the Navy I did the dumbest thing in my life - I left San Diego and went back to Omaha where I worked in a TV shop (First TV) for a year. I then hired on with the FAA as an Electronics Tech in Dubuque, Iowa which turned out to be a turning point in my career. After a year in Dubuque I transferred to Waterloo, Iowa for a promotion and spent another year there working as a radar tech at the airport. By now our son, James was born and it was time to move for another promotion. This time it was to Oklahoma City to work as an Electronics Technician Instructor at the FAA Academy. That was in 1979 and we have been here ever since. I teach an Automated Radar Terminal System called ARTS IIE to technicians and engineers who maintain this equipment at about 140 airports around the country. My wife, Diana, and I have been married 27 years and have one son, James. We built our own house about 10 years ago and live on 5 acres in the country about 20 miles SW of Oklahoma City. My hobbies include sailing (first and foremost - we own a 26' sailboat), ham radio (KB5REX), web page design, woodworking, photography, just to name a few. We recently started our own part-time business doing extruded concrete landscape curbing. I plan to retire from the FAA when I turn 55 in another 6 years.

Occupation: Part owner of temporary help service/All Quality Labor

Spouse's Occupation: Medical Secretary, Barrow Neurosurgical Association, Dr. Volker Sonntag

Names and ages of Children: Ashley and Amber, 17

I've been in the temporary help service for close to 30 years. I made a record in the early 80s that charted and I've opened for such acts as Johnny Cash, Roy Clark, Bellamy Brothers, etc. I also played for President Bush and met the President and his wife Barbara. My wife works for a prominent, world-renowned neurosurgeon.

We moved to Phoenix in 1996. I belong to two bands here so music is still very much a part of my life. I also enjoy walking and mountain hiking. I have also become a big Diamondback fan and enjoy going to the games.

Education after High School: B.A. University of Iowa, Iowa City, Iowa

Occupation: Health, Safety & Environmental Specialist, Nebraska Energy, LLC, 1205 South 'O' Road, Aurora, NE 68818

Names and ages of Children: Michael, 12; Brittany, 8

Iowa City, Iowa- College Degree and various Management positions with Sheller Globe Corporation, 1974-1987. Married Vicki Fendler-3/84, Divorced 9/96.

Waxahachie, TX 1987-1997 Health, Safety & Environmental Management positions with Chevron Chemical Company and D&S Plastics. Active Foster Parent and adopted my two children while in those programs.

I moved back to the good old Midwest, Aurora, NE, 12/97, to accept my current position with Nebraska Energy, LLC as the Health, Safety & Environmental Specialist with the Ethanol facility here.

I enjoy single-parenting my 12 year old mischievous son, Michael, watching his Baseball, Taekwondo and soccer, swimming, fishing, golfing and biking in a nice, friendly small town. We are both domestically challenged, but we get along. It's kind of like living in Mayberry, RFD. We watched Andy and Barney religiously when we moved to town to become acclimated.

I'm still a loyal Hawkeye fan, but do not hold much hope for them against the Huskers in Lincoln this fall. I enjoy movies, music, golfing, leisurely cycling, and cooking. We are looking forward to Brittany's summer visit next week and spending the 4th of July in the Black Hills of south Dakota.

Occupation: Social Worker

Life has taken me through 2 marriages – one in Iowa, one in Nevada where I presently live. I play the guitar and sing – mostly for fun, with a few professional gigs. I have bought land back home, though, where I plan to retire some day. I remember skipping classes with Dennie Whitmore and school with Sue Foster and all those rallies; Mr. Lawson's lectures. Actually I don't have one bad memory. What has changed the most? I grew up and stopped sucking my thumb.

Occupation: System Analyst

Spouse's Occupation: Programmer/Analyst

Names and ages of Children: Amy, 21; Alicia, 19

I moved to Minnesota right out of college to work as a programmer for Control Data. I've traveled quite a bit (Europe, Singapore, Malaysia, Japan, Mexico) for both business and pleasure. We live on a lake, so boating, sailing, etc. have been my main hobbies. I was also a Sunday School Superintendent for 7 years. I remember the Roadshow of 1970. Mick Durham, Debbie Ramsvick, Betty Jo Hicks, Bonnie Daniels and I were the “CCQ” (comical Collage of Quickies.) We performed filler skits between the main acts. I'll never forget Mick dressed as Adam for the “Evesdropping skit”. Even though the shows were really long (3-4 hours) we had a lot of fun. On second thought, maybe my favorite memory is of John Pusey just being John, especially the time I beat him at arm wrestling. Does anybody know where he's gone? (Ed. note: John can be found living in Aurora, NE and is listed in this Memory Book.) What has changed the most is raising 2 wonderful daughters, both now in college. I basically had 2 full-time jobs, but it was worth it!

Education after High School: Bachelor of Science in Mathematics from Creighton University

Occupation: Contract Specialist

Spouse's Occupation: Contract Specialist

Names and ages of Children: Lea Loftus, 22 married to Darin Loftus; Brent, 20; Jesse, 17; Laura, 10; Cortney, 6

I married Debra Fisher May 20, 1972 and graduated from Creighton University in 1974. I taught Junior High Math at Longfellow for one year (the most miserable year of my life), worked at Gratton Warehouse for 6 years, and for Rasmussen Heating & Cooling for 6 years, before getting into Civil Service in 1989. I played some fast pitch and slow pitch softball for about 10 years, and I enjoy golf and bowling, when I find the time, but most of my enjoyment has come from supporting my children in their sports, music, and church activities. Jesse (17) has been wrestling since he was 5 and was an Iowa AAU State champ in 7th grade. He has also contributed to Underwood being

the class 1A State Wrestling Champions in 1999 and 2000 and he plays baseball. Brent(20) participated in state track, and vocal and instrumental state competitions in high school. My oldest daughter Lea and her husband own and operate "Total Quality Fitness" in the Des Moines area. Laura(10) is involved in gymnastics, soccer, and softball, and Cortney(6) is just starting soccer. The most memorable events in the past 30 years have been the home births of my last two children and Jesse's state wrestling championship. I have been blessed with five healthy children and a wonderful wife, who has put up with me for 28 years. (Do I win the contest for the most years married to the same woman?)

Occupation: Home Depot

Spouse's Occupation:

Names and ages of Children: Stephanie, 27; Steen, 25; Samantha, 23; 7 grandchildren

I was first married in 1971 and divorced in 1978. Phillip and I met in 1981 and we got married on 12/17/82 in Council Bluffs. I left Council Bluffs after Phillip and I got married and we went to Texas for a couple of years. Phillip was then transferred to Atlanta with Chemicals AZS. He later left them and became involved with Chemicals tankers at Central and they transferred him to South Carolina. We have been here since 1992. Phillip adopted my three kids from a previous marriage. I have worked at Home Depot off and on for the last 13 years. Our home is located at the foothills of Caesar Head Mountains and we are about ten minutes from the North Carolina border and about two hours from Nashville.

Occupation: Retailer

Names and ages of Children: Jessica, 19

I left ALHS, joined the Air Force, discovered that and computer operations/programming were too dull! I wandered around till I hit El Paso, started school and worked. Shortly after, I started a small business and have been at it ever since. I'm happily married and we've raised a great daughter who's currently studying engineering. I'm an avid gardener, a member of the El Paso Native Plant Society and the Franklin Mountains Wilderness Coalition and still occasionally golf. My marriage is strong, my health is great and my business is successful! I'm looking forward to the future. I remember Jerry Buckmaster giving me a ride to school in the back of his '51 Chevy, no back windows – no back seat – and 2 feet of snow inside the car. What has changed the most? In school I felt I'd NEVER marry and never parent. After 22 years of marriage and 19 years of parenthood, I'm pleased I changed my mind. Oh yeah, and I might be losing a little hair.

Education after High School: University of Iowa, 1974

Occupation: Central Regional Sales Manager, Sericol, Inc.

Spouse's Occupation: Executive Director, American Academy of Pediatrics

Names and ages of Children: Nikki, 14

I graduated from the U of Iowa in 1974 and spent 15 fun years in Des Moines. A wonderful opportunity led Chris, Nikki and me to the Kansas City area in 1989. We moved to Lenexa, Kansas and eventually became Jayhawk fans, though still true blue Hawkeyes through and through. I have worked for Sericol, Inc., a global ink company for the past 12 years, most recently as the Central Regional Sales Manager. With 7 technical sales reps reporting to me, I coordinate sales activity in 17 states throughout the Midwest US and eastern Canada. My wife Chris works from the home as the Executive Director for the American Academy of Pediatrics. She keeps extremely busy working, volunteering and coaching one of the high school volleyball teams. Our daughter Nikki, 14, takes after her Mom as a straight A student and is an avid volleyball player and all around great kid. Lucky for me, with entertaining a key function of my work role, I get to spend plenty of my sales time playing my favorite activity.....golf. Cooking, racquetball and biking are my other main interests. My health is great.....life is good.

Education after High School: B.A. 1986 Buena Vista University, IT 1997 Creighton University

Occupation: Manager UNIX Application Support US West Communications

Spouse's Occupation: Associate Hoover Elementary School**Names and ages of Children:** Matt, 21; Kylie, 19

After A.L. I went to Iowa State University off and on for about 4 years. Went to work for the Union Pacific Railroad in the Omaha shops and after 2 years somehow got into computer programming which I did for the U.P. for 7 more years. Moved to U.S. West in Omaha where I've been for the last 15 years in the IT organization.

My favorite hobby is bicycle riding although I don't do enough of that. Have spent a lot of time going back to school as an adult. Hung around A.L. quite a bit over the last six years or so since that's where both of my kids graduated. Didn't end up far from A.L. I've lived at this address for about 16 years a mile or so North of Bonham and Bennett.

Occupation: Banking Supplies – Bear Graphics

Spouse's Occupation: At home, works in my office

Names and ages of Children: Ryan, 14

I went to work for a banking supply company out of Omaha in 1974 and worked for them for 23 years. I changed to Bear Graphics, Inc. of Sioux City, Iowa in February 1997, and I have continued calling on banks in the southern area of Minnesota and in some parts of Iowa.

Meg and I were married in 1981 and have lived in the same home just outside of Mankato and on a golf course since 1982. I love golf and play as often as I can during the season. Our son Ryan is also a golf nut and played JV for his school last year as a 7th grader. Meg has been running for about 4 years and has run 2 marathons.

We have been in good health although this aging thing is coming on too fast!!

I look forward to participating in the 30 year reunion and seeing old friends!!

Occupation: Marketing Manager for METLIFE Auto and Home

Spouse's Occupation: Ex-spouses – who cares?

Names and ages of Children: Joshua Cooper, 23 (2/15/77); Erin Cooper (3/20/80); Zoey, my Great Dane, 2 years old

I married in 1974, had 2 wonderful kids (listed above), divorced in 1983, remarried in 1984, lived in Omaha, Plano, TX, Batavia, IL, South Bend, IN and moved back to Texas (Arlington) in 1992. Divorced in 1997. (WHEW!!)

I taught hearing impaired children for 3 years (in between having my own kids), then got burned out in teaching. I have been in marketing and sales ever since.

I have been working for METLIFE Auto and Home as a Marketing Manager for the past 8 years and love it.

My son, Josh, is a 1999 graduate of the U of Kansas/Lawrence and is working and living in Denver. My daughter, Erin, (AKA the child from hell, but of course, she is my clone!!!) is a sophomore at the U of Texas/Arlington.

I love to travel (not on biz!--west Texas is boring!!!) and I do travel to Arizona quite a bit to visit my sister and her family and friends I have there. I am in the process of trying to transfer to the Scottsdale area.

I am very excited about the upcoming reunion and am looking forward to seeing all of my old friends.

I really, really have a hard time believing its been thirty years! The first decade after ALHS was largely spent at Creighton and KQKQ, the next decade starting a practice and family, and the third decade wandering around muttering things like "I can't believe it's been thirty years"!

Time for hobbies seems to have been lost somewhere along the way but I enjoyed doing the oldies show for KQKQ, editing the monthly newsletter for the Historical Society of Pottawattamie County, and have had fun helping with our class reunions. Hmm, "oldies show", "Historical Society", "reunions"... you don't suppose there's some fixation here about living in the past, do you?

We do enjoy travel, both the destinations and the getting there, alternating auto, airplanes, trains, cruise ships, even bicycle alittle (but those are kind of short trips!) which have gotten us to 49 of the states (mental note: have to get to Hawaii some day) and a couple of dozen foreign countries. In addition to wife Barb the "we" is son Mike (11) who says he wants to be an endodontist someday, and son Steven (8) who aspires to be either a scientist or a singing waiter at Joe's Crabshack in Galveston. He'd probably be a good scientist, but on the other hand he does a really great Chicken Dance; would be a shame to see that talent go to waste!

I look forward to seeing you at the reunion!

email: grush1@juno.com

Education after High School: B.A. Lincoln Christian College, 1974; M.S. Education, Eastern Illinois University, 1975

Occupation: Highway Planner for Illinois Department of Transportation

Spouse's Occupation: Computer Service for Tangent Computers

After graduation from college, I taught 2nd grade for two years. Then a temporary summer job for the state turned into a 21 year career. I met my husband at volleyball at church, and we got married in 1982. Since then we have built our home in the country and added on to it once. When we're home, we keep busy mowing, landscaping, and taking care of 2 horses, 2 dogs, and a cat. We're also involved in several church activities and serve as youth group sponsors. My hobbies include reading, crafts, counted cross stitch, and snow skiing. Gary likes running – so I watch. A friend who works for a publishing company asked me to write a book of bulletin board ideas, so I became an author. A couple years later my friend and I co-authored two more books. It was a lot of work, but fun. Last year I illustrated some curriculum that is used for children whose parents are divorced. It was a challenge using the computer to color the illustrations. The last three summers Gary and I have participated in mission trips to the Dominican Republic. Those have been our most rewarding experiences. We are so thankful we live in the USA, but we feel compassion for our friends in the Dominican Republic. It has been exciting to see God at work! My favorite memory is Art class and Band. What has changed the most? I have more confidence and I talk a little bit more.

30th Class Reunion Comments

Please convey my thanks to the rest of the committee for the wonderful reunion...You all did a great job!!!!
THANK YOU!!!

Trudy (Clark) Clevenger

Thanks for all of your hard work on the reunion. The web page was wonderful and helped immensely in reaching people. I think it will help tremendously in the future also. Thanks again.
Alan Fisher

Thanks for the pictures...and the web site! I love it!!

Mick Durham

Great party!!! Great website!!!!

Dean Anderson

I just wanted to express to you how deeply moved I was by our reunion. In so many ways I never left Iowa. A huge part of me remained behind when I left with my family in 1968. When I returned to C.B. for our 30th some very deep part of my soul opened back up. When I saw and talked with all of you, I realized that those missing parts of me all these years was all of you! My heart was filled to brimming with the delectable feeling of community and connectedness. How could we be not connected when we, wee babes that we were, just out of the nest into kindergarten, spent the next 12 years together? Our lives were intermingled; we shaped each other whether we realized it or not.

In such a fragmented, high-paced, mad-cap world I am truly grateful to have experienced that closeness to all of you. I was touched with everyone's openness, honesty, and kindness. We've all been buffeted about by life's storms and survived it up to this point. There's no great show anymore. That has been replaced by gratitude and appreciation for what we do have in our lives and for the fact that we were healthy and sound enough to make it to the reunion. I expressed to a lot of my gal friends that our class must have had the sweetest guys in all the world that ever has been. They agreed. I really mean it. So many of you, way too many to name.

I just want to thank everyone for coming! And thanks to our fearless organizers! I want to give special thanks to Jane Hannan-Burgett who rattled my cage for over 6 months to get me to come. 50th birthday anyone? I'll be in touch to see what develops on that one. Meanwhile, love, health, and best wishes to each and every one of you.

Your old friend,
Karen Guggenheim-Machlis

Dear Friends on the Reunion Committee,

It's been over a month since our reunion "2000" and I still can't stop seeing all the happy faces you wonderful people are responsible for bringing together. I cannot tell you what that time meant to me...only to assure you that it will forever be etched in my best memories. Everything was done so perfectly and I know how much effort it takes to bring all the details together, so we all owe you our deepest gratitude for all the hard work!

In all history, a "fountain of youth" is the most sought after of treasures – and we found it at our 30th reunion!! Seeing the great smiles, and looking into the eyes of my youth and all my fondest memories was a priceless time. Friendships that withstood the years – even "erased" the years – just illustrates how fortunate we are to have each other in our lives. Nothing can ever take that wonder from our thoughts.

Our "maturing" bodies are only the vessels for our hearts and minds, and these will always remain ageless, as was proven by our gathering. I'm a long way from being a kid, and not prone to memory lapses, but I can't count the times during our weekend that I was forced to make myself remember that I really wasn't sixteen years old again. I swear that I have never experienced such strong and pleasurable "flash-backs," all from looking into the eyes of my friends, hearing their laughter, and seeing our youth as if it was the 1960s.

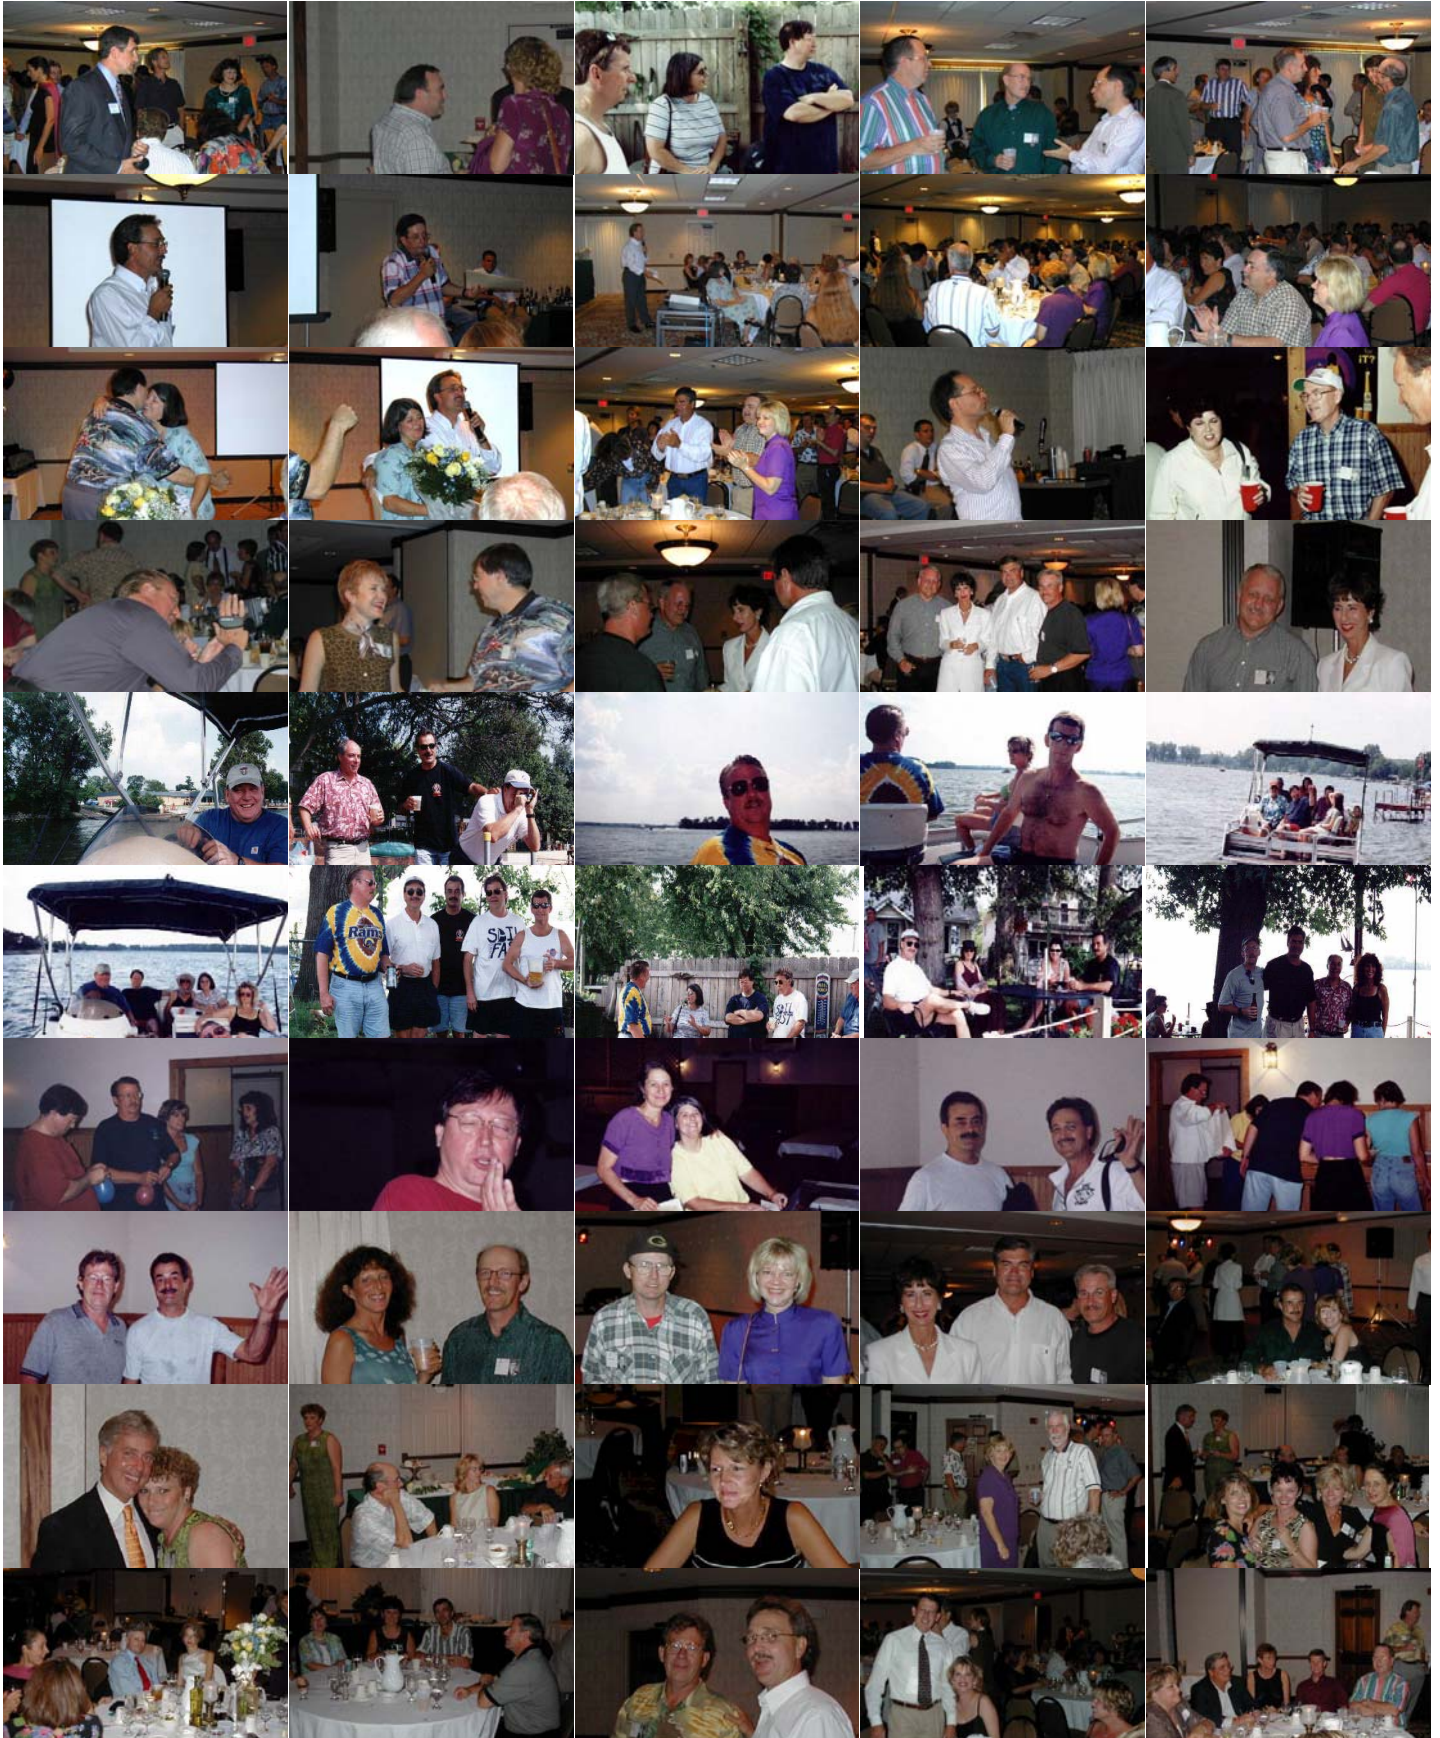

Again, thank each of you very much, because none of this would have been possible without your substantial efforts and caring. I look forward to the next time we can get together, and I am sure we will just keep getting younger all the time!

As always,
John DiBlasi
